

4 - Why should we make a garden?

4 - Why should we make a garden?

- We can make a garden to grow food for ourselves and our families, and to share food with our neighbors.
 - A garden is also a good place to learn about working hard and caring for the earth God created. God made the first plants and the first garden, but now he wants us to be the gardeners, growing things on his beautiful earth.
-

God's Word: "I give you every seed bearing plant on the face of the whole earth and every tree that has fruit with seed in it. This will be yours for food." Genesis 1:29

*God created plants with seeds so that we can keep growing the food we need.

*God also plants seeds of his love in our lives so that we can keep growing more and more like Him.

Activity: (Materials: crayons or colored pencils)

Do the coloring page on Activity Card Ls. 4. Be sure to fill in the plate with your favorite vegetables and add more people around the table to share the food with.

Activity Card Ls. 4 - Add some more people around the table to share the good food.

Vegetables are Good Food
